MESSAGE

The Government has introduced its first National Level Anti-Narcotics policy to curtail and eradicate the threat of drugs from the country. The Ministry of Narcotics Control and Anti-Narcotics Force are acting as a leading body to ensure proper execution of this conceived plan. The policy is designed to function on three tiers, Federal, Provincial and District levels. Amid growing regional tension due to Afghanistan crisis, we are likely to face additional challenges in our mission to combat drugs.

Pakistan has been poppy free for over two decades but its strategic geographical location has made us fall victim to drug abuse and illicit trafficking. The threat is constantly increasing both in terms of consumption and the types of drugs being produced. One of the main reasons for such increase is the continuous rise in the production of opium and other derivative products/by-products in our neighboring country in addition to the rapid spread of synthetic drugs.

The illicit trafficking of drugs using our country as transit are destined for international market but it has also created a demand on local level. Recently projected figures of drug consumers by UNODC stating that there are nearly 9 million drug users in Pakistan are alarming. I strongly believe that the only way we can reduce supply and drug influx in the region is by keenly working on demand reduction.

Creating awareness across the country with primary focus on educational institutes, Mosques, Madrassas, rehabilitation facilities and launching target audience based campaigns in the mainstream and social media platforms.

Furthermore, supply reduction can be made more effective by conducting intelligent based operations against master minds behind drug trafficking and the main drug suppliers. By capturing the key sellers involved in this notorious business, we can reduce the risk of abundant supply of drugs to public.

Rehabilitation is an integral part of process of combating drug abuse, it is significant to understand that the drug addicts may be treated as victims and patients rather than criminals. There has not been much attention paid to the rehabilitation in the past but now despite the scarce resources we are all set to start a state of the art rehabilitation facility in Islamabad.

The Ministry of Narcotics Control aims to work in close coordination with the Provincial Health Departments to achieve the goal of creating these centers at provincial and district levels. A regularized rehabilitation system will help the victims come out of deadly trap and resume life as healthy individuals.

International Cooperation is key element of our anti-drug policy framework and the Ministry intends to enhance global ties to reduce and ultimately eliminate the issue of drug trafficking. Anti-Narcotics force is working to the best of its abilities to counter this challenge on both land and sea bordering routes in coordination with other Law Enforcing Agencies to control drug handling from the region. We are determined to take the lead and work to any length and breadth to achieve our objective of creating a drug free society for our future generations.

BRIG.(R) IJAZ AHMAD SHAH

HI, SI(M), Tbt,
Federal Minister for Narcotics Control

FOREWORD

In pursuance of Sub Rule (2) of Rule 25 of the Rules of Business 1973, the Ministry of Narcotics Control has prepared the year Book 2020-21 for the information of the Cabinet and all Ministries. The book contains information about the objectives, functions, activities and achievements of the Ministry of Narcotics Control and its attached Department (ANF).

It is a matter of great pleasure to present the Year Book 2020-21 of the Ministry of Narcotics Control. It provides information on overall performance of the Ministry relating to Drug Supply Reduction, Drug Demand Reduction and International Cooperation. It contains performance of Anti-Narcotics Force (ANF) in curbing drug supply to Pakistan.

I hope that it will provide detailed information about Drug menace in Pakistan and the role of Ministry of Narcotics Control in addressing drug related issues. This will also prove to be an informative and useful document for policy makers and general public on matters relating to drug abuse in Pakistan.

I express my special gratitude to Mr. Sabino Sikandar Jalal, Mr. Riaz Harel, Mr. Saadat Ali Bokhari and their team for preparing this document.

Dr. Syed Kaleem Imam

INTRODUCTION

Pakistan Narcotics Board (PNB) was set up in 1957 in the Revenue Division (Central Board of Revenue). The Pakistan Narcotics Board consisted of representatives from the Provincial Governments and some Federal Ministries/Divisions. Pakistan ratified the single Convention on narcotics drugs, 1961 on August 15, 1965. To meet obligations under the said Convention, the Government of Pakistan established the Pakistan Narcotics Control Board (PNCB) through a declaration on 8th March, 1973.

The Narcotics Control Division (NCD) was established in 1989 and the Pakistan Narcotics Control Board (PNCB) became its attached department. The Anti-Narcotics Task Force (ANTF) was also established in 1991. On February 21, 1995, PNCB and ANTF were merged to constitute Anti-Narcotics Force (ANF) as an attached department of Narcotics Control Division. Thereafter, the ANF has been re-organized through ANF Act 1997. The Narcotics Control Division was given the status of a full-fledged ministry in 2002 up to June 2013. In July 2013, NCD was made part of the Ministry of Interior and Narcotics Control.

ORGANOGRAM

FUNCTIONS

The assigned functions of the Ministry of Narcotics Control (MNC) as given at Schedule-II, Rule 3(3) of the Rules of Business, 1973, are as under:

- i. Policy on all aspects of narcotics and dangerous drugs, such as production, processing, marketing, import, export, transshipment and trafficking etc., in conformity with national objectives, laws and international conventions and agreements.
- ii. Legislation covering all aspects of narcotics and psychotropic substances and matters ancillary thereto, in consultation with the concerned Ministries/Divisions, etc.
- iii. Bilateral and multilateral cooperation with foreign countries against narcotics trafficking and all other international aspects of narcotics including negotiations for bilateral and multilateral agreements for mutual assistance and cooperation in the field of enforcement of narcotic laws.
- iv. Coordination of aid/assistance from foreign countries and of narcotics control interdiction for poppy crop substitution.
- v. Policy on drug education, treatment and rehabilitation of narcotics/drugs addicts and grants-in-aid to non-governmental organizations (NGOs) engaged in these fields.
- vi. Inter-provincial coordination on all aspects of narcotics and dangerous drugs.
- vii. Monitoring of the implementation of policies on all aspects of narcotics and dangerous drugs.
- viii. Regulation of administrative, budgetary and other matters of the ANF.

COMPOSITION

Ministry of Narcotics Control comprises following three wings:

- 1. International Cooperation and ANF Wing**
- 2. Council and Drug Demand Reduction Wing**
- 3. Administration Wing**

INTERNATIONAL COOPERATION AND ANF WING

Pakistan is a signatory to UN Convention against Illicit Traffic of Narcotic Drugs and Psychotropic Substances 1988. The provisions of Article 12 of that convention have been incorporated in Section 7 of the Control of Narcotic Substances (CNS) Act, 1997. In compliance with sub Section 2 of Section 7 of CNS Act 1997, the Federal Government has notified rules called “the Control of Narcotic Substances (Regulation of Drug of Abuse, Controlled Chemicals, Equipment and Materials) Rules, 2001”. In pursuance of Clause (iv) of Rule 2 of the above said Rules, the Secretary, Narcotics Control Division, Islamabad, has been declared as the Competent Authority to discharge various functions under the said rules including registration, licensing and import/export or transit permit authorization of the psychotropic substances.

1. The International Cooperation and ANF Wing is responsible for:

- i.** Issuance of licenses and fixation of quota for Medicinal Opium Powder (MOP) to UnaniAyurvedic / Homeo firms/ Dawakhanas for use in Unani / Herbal medicines including fixation and issuance of quotas of MOP as well as issuance of NOCs to hospitals for procurement of Pathedine / Morphine and Fentanyl Injections / Tablets / Capsules etc. and registration of firms dealing with narcotic drugs and psychotropic substance.
- ii.** All matters related to precursor chemicals listed in Table-I and II of UN Convention 1988 including providing information regarding import/export and its seizure to INCB.
- iii.** Processing of amendments in the CNS Act, ANF Act and Rules made thereunder.
- iv.** Processing and monitoring of the implementation of bilateral and multilateral International and Regional MOUs/Agreements on narcotic drugs and Psychotropic Substances and related matters and dealing with the matters relating to Inter-Government and international forums including ECO, SAARC, ASEAN and other Regional Forums.

- v. Visit abroad of the Minister/Minister of State/Parliamentary Secretary/ Officers/Officials of NCD/ANF/Representative of NGOs for participation in International/ Regional/ Bilateral Meetings/ Seminars/Conferences/ Symposia/ Workshops and Making arrangements for all capacity building programmes / trainings to be offered by the Foreign Govt./Organization for the officials/officers of NCD and ANF. Likewise, UNODC activity involved to provide a cost-effective platform for training larger number of law enforcement personnel under flexible schedule.

2. Activities of Controlled Substance Section:

i. NOCs for Import/Export of Precursor Chemicals:

In accordance with the Control of Narcotic Substances (CNS) Act 1997 and the Rules made there-under, Narcotics Control Division issued **1129** NOCs for import/export/ manufacture/local purchase/utilization and distribution of various precursor chemicals to different industrial firms.

ii. Quota Allocation of Controlled Drugs:

Allocation of Controlled Drugs were held for the allocation of quota of controlled drugs and **184** pharmaceutical firms have been granted quota for different narcotic drugs and psychotropic substances.

iii. Firms Registered:

Meetings conducted for recommendations of registration of **203** firms.

iv. Pre-Export Notifications:

Ground checks carried out		132
Record of Pre Export Notifications (PENs)		
a	PENs received	138
b	PENs cleared	117
c	PENs not cleared	21

3. Activities of International Cooperation Section:

i. MOUs/Agreements:

Since 2004, **35 MOUs/Agreements** have been signed between Pakistan and other countries for bilateral and multilateral cooperation against narcotics trafficking and other international aspects of narcotics including negotiations for bilateral and multilateral agreements for

mutual assistance and cooperation in the field of enforcement of narcotics laws.
