In the face of evolving challenges, our commitment to eradicate the menace of narcotics remains unwavering. The Yearbook serves as a comprehensive record of the strides we have made in the past year, showcasing our achievements, innovations, and collaborative efforts with national and international counterparts.

Our strategy revolves around a multi-faceted approach that encompasses law enforcement, prevention, treatment, and rehabilitation. Through robust inter-agency coordination and intelligence-driven operations, we have made significant strides in curbing the production, trafficking, and distribution of illicit substances. The collaborative efforts of our dedicated personnel and the support of our global partners have played a pivotal role in our successes.

Prevention remains a cornerstone of our efforts, and we are actively engaged in public awareness campaigns, educational initiatives, and community outreach programs. By fostering a culture of awareness, we aim to empower individuals and communities to make informed choices, thereby creating a formidable barrier against the spread of narcotics.

Furthermore, our commitment to the health and well-being of those affected by drug abuse is reflected in our emphasis on treatment and rehabilitation programs. We recognize the importance of compassion and support in the recovery process, and our initiatives seek to reintegrate individuals into society as productive and responsible citizens.

As we reflect on the achievements documented in this Yearbook, let us not forget that the battle against narcotics is an ongoing one. It requires the collective effort of government agencies, civil society, and every citizen of Pakistan. Together, we can build a safer, healthier, and more resilient nation.

INTRODUCTION

Pakistan Narcotics Board (PNB) was set up in 1957 in the Revenue Division (Central Board of Revenue). The Pakistan Narcotics Board consisted of representatives from the Provincial Governments and some Federal Ministries/Divisions. Pakistan ratified the single Convention on narcotics drugs, 1961 on August 15, 1965. To meet obligations under the said Convention, the Government of Pakistan established the Pakistan Narcotics Control Board (PNCB) through a declaration on 8th March 1973.

The Narcotics Control Division (NCD) was established in 1989 and the Pakistan Narcotics Control Board (PNCB) became its attached department. The Anti-Narcotics Task Force (ANTF) was also established in 1991. On February 21, 1995, PNCB and ANTF were merged to constitute the Anti-Narcotics Force (ANF) as an attached department of the Narcotics Control Division. Thereafter, the ANF was reorganized through ANF Act 1997. The Narcotics Control Division was given the status of a full-fledged ministry from 2002 up to June 2013. In July 2013, NCD was made part of the Ministry of Interior and Narcotics Control but was later on re-instated as a standalone Ministry in 2017.
