## MESSAGE FROM THE FEDERAL MINISTER FOR INTERIOR & NARCOTICS CONTROL

Narcotics trafficking and drug abuse is a challenge faced by Pakistan since eighties. Not only narcotics and illegal drugs are trafficked through Pakistan to other countries, but a sizeable quantity of these substances are consumed among the local population. This has created a two fold challenge. Firstly, narcotics trafficking is earning a bad name for the country, secondly, the local consumption of these substances is causing a great harm to the social fabric of our society. The most vulnerable segments of population are youth, street children and student community at large. The Government of Pakistan has been aware of this challenge and has taken many steps to stem the tide of this menace. The very creation of Narcotics Control Division under the Ministry of Interior and Narcotics Control in the year 1989 is an evidence of our resolve to put in place effective policy and operational mechanisms to check the drug trafficking and abuse in the country.

Since the assumption of office by the present Government, the Narcotics Control Division (NCD) is actively engaged in many areas relating to narcotics control, drugs supply reduction, demand reduction, and rehabilitation of addicts. We have also accelerated our contacts with other international development partners – both at multi-lateral and bi-lateral levels.

I sincerely hope that the Division alongwith active support of other stakeholders will be able to stem the tide of narcotics abuse in Pakistan, Insha-Allah.

Pakistan Pains Baad.

## FOREWORD

This Year Book for the period 2016-17 has been prepared in pursuance of Rule 25 (2) of the Rules of Business 1973 by the Narcotics Control Division for information of the Cabinet and all Ministries/Divisions. This document highlights the activities, achievements and progress undertaken by the Narcotics Control Division and its attached department during the year 2016-17 for reducing the drug menace in the country.

During the period under review, Pakistan's performance on account of drug seizures have been exemplary with record seizures. Pakistan's Anti Narcotics Policy revolves around three pillars; **i) Drug Supply Reduction, ii) Drug Demand Reduction & iii) International Cooperation.**

I sincerely hope that our modest effort would sufficiently address the needs and interest of the researchers and other governmental/non-governmental entities.

## Introduction of the Narcotics Control Division

Pakistan Narcotics Board (PNB) was set up in 1957 in the Revenue Division (Central Board of Revenue). The Pakistan Narcotics Board consisted of representatives from the Provincial Governments and some Federal Ministries/Divisions. Pakistan ratified the single Convention on narcotics drugs, 1961 on August 15, 1965. To meet obligations under the said Convention, the Government of Pakistan established the Pakistan Narcotics Control Board (PNCB) through a declaration on 8<sup>th</sup> March, 1973.

The Narcotics Control Division (NCD) was established in 1989 and the Pakistan Narcotics Control Board (PNCB) became its attached department. The Anti Narcotics Task Force (ANTF) was also established in 1991. On February 21, 1995, PNCB and ANTF were merged to constitute Anti Narcotics Force (ANF) as an attached department of Narcotics Control Division. Thereafter, the ANF has been re-organized through ANF Act 1997. The Narcotics Control Division was given the status of a full-fledged ministry in 2002 up to 2013. In July 2013, NCD was made part of the Ministry of Interior and Narcotics Control.

### **Organogram of the Narcotics Control Division:**

## **Functions of the Narcotics Control Division:**

The assigned functions of the Narcotics Control Division (NCD) as given at Schedule-II, Rule 3(3) of the Rules of Business, 1973, are as under:

- i. Policy on all aspects of narcotics and dangerous drugs, such as production, processing, marketing, import, export, transshipment and trafficking etc., in conformity with national objectives, laws and international conventions and agreements.
- ii. Legislation covering all aspects of narcotics and psychotropic substances and matters ancillary thereto, in consultation with the concerned Ministries/Divisions, etc.
- iii. Bilateral and multilateral cooperation with foreign countries against narcotics trafficking and all other international aspects of narcotics including negotiations for bilateral and multilateral agreements for mutual assistance and cooperation in the field of enforcement of narcotic laws.
- iv. Coordination of aid/assistance from foreign countries and of narcotics control interdiction for poppy crop substitution.
- v. Policy on drug education, treatment and rehabilitation of narcotics/drugs addicts and grants-in-aid to non-governmental organizations (NGOs) engaged in these fields.

## Anti Narcotics Force (ANF)

The Anti Narcotics Force is an attached Department of Narcotics Control Division. ANF is the principal agency for combating supply and demand reduction of illicit narcotic drugs that enter Pakistan mainly through the long porous border with Afghanistan. These drugs are then smuggled out of Pakistan through the Pakistan-Iran border, Makran Coast, Indian ocean and by air. The national strategy on drug interdiction envisages active and effective cooperation from other law enforcement agencies as the ANF is thinly spread due to its inadequate numerical strength. The other law enforcement agencies are the provincial Excise & Taxation Department, Police Department, Pakistan Customs, Frontier Corps in the provinces of Baluchistan and Khyber Pakhtunkhwa, Pakistan Rangers in Sindh and Punjab, the Pakistan Coast Guards and the Maritime Security Agency. The ANF has its Headquarter at Rawalpindi with five Regional Directorates at Rawalpindi, Lahore, Karachi, Peshawar and Quetta. In addition, it has 28 Police Stations in the country. Six Special Courts for Control of Narcotic Substances (CNS) have been set up to try the cases of persons arrested on the charge of drug trafficking.

## ORGANOGRAM OF ANTI NARCOTICS FORCE

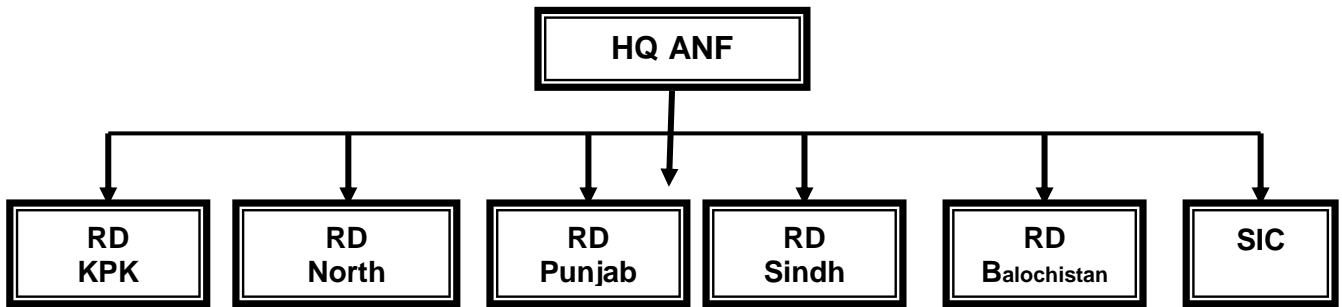

## **Mandate of ANF:**

- a. To inquire into, investigate and prosecute all offences relating to or connected with, preparation, production, manufacture, transportation, illicit trafficking or smuggling of intoxicants, narcotics and chemical precursors or reagents used in the manufacture of narcotics, or any offence committed in the course of the same transaction under any law for the time being in force, including an attempt or conspiracy to commit, or any abetment of, any such offence, or any offence committed under the Control of Narcotics Substances Ordinance, 1996 (XCIV of 1996), or the Prohibition (Enforcement of Hadd) Order, 1979 (P.O 4 of 1979).
- b. Trace and freeze the assets.
- c. Provide assistance and advice to other Enforcement Agencies on all matters in the field of narcotics and to collect information from all national and international enforcement agencies about illicit narcotics traffic and traffickers.
- d. Maintain liaison with all national or international narcotics authorities, organizations, bodies, associations and represent Pakistan in such conferences, seminars and workshops arranged by any such organization on narcotics related matters.
- e. Arrange and co-ordinate training of own staff and members of other enforcement agencies in various aspects of narcotics enforcement.
- f. Co-ordinate the project and schemes for elimination and destruction of poppy cultivation.
- g. Perform any other related functions which may be assigned to it by the federal government.
- h. The Inter Agency Task Force (IATF) is a high level intelligence agency comprising of all Law Enforcement Agencies of the country and headed by Director General (ANF).

## Organization of ANF

### Areas of Responsibility of Anti Narcotics Force:

- a. ANF is responsible to cover the entire country.
- b. To cover the entire area of responsibility, ANF has 5 Regional Directorates with 28 police stations functioning in whole country.
- c. Apart from many unfrequented routes and 7 major entry and exit points, ANF is covering 13 airports, 3 sea and 17 dry ports.

### ANF's Strategy:

ANF being the lead drug control agency has a three pronged strategy, that includes supply reduction, demand reduction and co-ordination at national and international levels.

- a. Supply reduction strategy includes dismantling of drug trafficking networks, limiting the smuggling, trafficking and distribution of narcotics in the country and strict control on movements of precursor chemicals through an elaborated precursor control regime.
- b. Demand reduction strategy includes reducing the demand of illicit drugs through awareness programmes, preventive education, treatment and rehabilitation as well as harm reduction programmes.
- c. International cooperation strategy includes enhancing international co-operation in the fight against drugs by maintaining liaison with all national and international narcotics control authorities/ organizations such as United Nations Office on Drugs and Crime (UNODC), International Narcotics Control Board (INCB), Interpol, Narcotics Affairs Section (NAS) etc. To represent Pakistan in international conferences, seminars and workshops as lead anti narcotics agency.

## Management Strategy:

In pursuance of Prime Minister's directive, S.R.O. No.121(1)/2010 dated 03-02-2010, an Inter Agency Task Force (IATF) has been established to coordinate drug interdiction strategies and enhance cooperation amongst Law Enforcement Agencies (LEAs). Last meeting of IATF was held on 18<sup>th</sup> November, 2014. So far nine meetings of IATF have been held at ANF Headquarters under the Chairmanship of the Director General (ANF), which have been attended by senior representatives of all member LEAs / departments. Representatives of member LEAs shared performance of their respective departments and offer proposals to enhance cooperation in combating drug trafficking in the country. Composition of Inter Agency Task Force is at **Annex-E**. Besides, four other committees are also formulated to address this issue domestically with firm commitment, including National Narcotics Control Committee at **Annex-F**.

## National Anti-Narcotics Policy-2010:

### 1. Implementation & Monitoring:

Narcotics Control Division has prepared National Anti-Narcotics Policy-2010 which was approved by the Cabinet on 14<sup>th</sup> July, 2010. The Policy has been prepared to address the drug related issues within Pakistan and in view of the changed global environment that has emerged since 1993. The policy is based on three pronged strategies i.e. drug supply reduction, drug demand reduction and international cooperation.

## 2. Drug Supply Reduction Initiatives:

Main focus under drug supply reduction is to strengthen Law Enforcement Agencies (LEAs) at the federal, provincial and district levels to combat drug trafficking and to reduce the flow of drugs in Pakistan. Capacity of LEAs all over Pakistan and particularly in the provinces of Khyber Pakhtunkhwa and Balochistan is being improved so that they could effectively assist in disrupting illegal drug trafficking, money laundering and seizing drug generated assets. Poppy cultivation is being strictly checked to achieve Pakistan's poppy free status.

The alarming drug production in Afghanistan is the main factor influencing the drug situation in Pakistan. Over 75% of the world's opium is produced in Afghanistan, while it is also the world's largest producer of cannabis. Pakistan's geographic location next to Afghanistan places it in a vulnerable position to be exploited as a transit corridor for drugs being trafficked to other parts of the world, particularly to west and within the country for proliferation in Pakistani society.

### Drug Supply Reduction Activities:

The detail of activities, achievements and progress made in the field of counter narcotics during the FY 2016-2017 is as under:
